ABSTRACT

The 1990 ABLE Curriculum Guide

A 353 Special Project FY1989-90
Federal Funding: $18,258 #99-0002

The 1990 ABLE Curriculum Guide contains an annotated bibliography of Basic 0-4, ABE, ESL, Pre-GED, GED, and Workplace resources with 1986+ publication dates plus a listing of job-specific workplace curriculum and exemplary special projects funded by the Pennsylvania Department of Education's Division of Adult Basic and Literacy Education [ABLE] Programs between 1987 and 1989.

The ABLE Panel, consisting of six adult educators with outstanding records in curriculum/staff development and program management, reviewed over 300 resources supplied to them by publishers of ABLE materials. Only the one hundred and seven resources deemed appropriate for ABLE learners and of superior content and format are included in the 1990 ABLE Curriculum Guide.

Thirty-five special projects featured in this guide were rated as exemplary by the FOCUS Panel of six adult literacy and basic education specialists and featured in **FOCUS [1987-1990]**, a staff development bulletin funded by PDE's Division of ABLE. Out-of-state job-specific workplace curriculum projects were reviewed by the ABLE editor.
